

**Town of Kent – Streetscape Committee
Minutes of Special Meeting – October 19, 2017**

Present: Members Mike Everett, David Bain, Bruce Adams, Rick Osborne, Jim Blackketter, John Casey and Catherine Bachrach, DOT District Transportation Engineer Gina Greenalch and members of the public – Maggie Stearns, Peter Vaughan and Hiram Williams.

Chairman Mike Everett called the meeting to order at 10 a.m. After introductions, members of the group outlined the issues of concern relating to pedestrian and vehicle safety in the village, using a list of priorities the committee prepared at its special meeting of October 11.

Those issues included a lack of curbing, need for slowing of vehicle traffic, crosswalks, inaccessible sidewalks for those with mobility issues, the difficult intersection of Routes 7 and 341 and 7 and additional issues relating to DOT as outlined in the Road Safety Audit completed in November of 2016.

There was extensive discussion of possible actions on the above, with full participation of Engineer Greenalch.

The meeting adjourned at 11:40 a.m.

Catherine Bachrach, Secretary
