So what does all this mean for Kent locally?

Is Kent prepared for an emergency or <u>disaster?</u> The Emergency Plan should be a true emergency and anyone who references it should be able to implement. operations in town representation

This requirement by the state to review and updated bi-annually is to ensure accuracy.

So what does all this mean for Kent locally?

Kent's plan is approximately 800 pages

The last update of this plan was in 2012

Several areas of the plan are outdated

The updating of the plan is necessary for grant eligibility

David and I were appointed in March 2020

We were in the midst of the global pandemic

We had a plan that is severely outdated

So we developed a plan of action

Questions?

Rural Community Health

September 14th, 2021

Access Challenges Require Innovation

- TheNational Rural Health Association, American Hospital Association and CMS recommend a variety of nimble, lower cost alternatives - especially Telemedicine to supplement access in rural communities
- Public health is a shared responsibility across public and private sectors
- Goal is to pilot a sustainable program to improve access for Kent residents
- Community partnership and strong collaboration are key to finding positive solutions
- Many new models to support improved primary, specialty and mental health care

The Research Supports Telemedicine and Pararmedicien Models

- Telemedicine Services During COVID-19: Considerations for Medically Underserved Programs from the Journal of Rural Health https://onlinelibrary.wiley.com/doi/epdf/10.1111/jrh.12466

Pilot Telemedicine Model in Kent

- Town of Kent provides internet access and empty office space at Kent Senior Center
- Pilot health partner (Nuvance Health) provides technology and paid navigator to assist patients logging on/off and cleaning between patient visits on TBD days of service

WHEREAS, NHCOG is the regional land use planning organization for Northwest Connecticut and the Town is a member of NHCOG,

NOW, THEREFORE, in consideration of the mutual promises and covenants hereinafter stated, and other good and valuable consideration as specified herein, NHCOG and the Town, subject to the terms and conditions stated herein, agree as follows:

- 1. Scope of Services. NHCOG will provide technical planning services to assist the Town with the Town Affordable Housing Plan (hereinafter "Plan") in accordance with the Scope of Services, including the specified Tasks comprising such Scope of Services, as described in *Exhibit A*, which shall be incorporated in and made part of this Agreement.
- **2. Schedule of Work.** The Agreement shall be in effect as of the date signed by both NHCOG and the Town and, unless terminated or amended in accordance with this Agreement, shall remain in effect until October 31, 2022. The Agreement can be extended upon the mutual Agreement of the NHCOG and the Town.
- **3.** Amount of Consideration; Procedure for Payment. The Town shall make payment to the NHCOG in accordance with the following provisions:

If either the NHCOG or Town is of the opinion that any proposed changes would cause a material increase or decrease in the cost and/or the time required for the performance of this Agreement, the Consultant or NHCOG shall so notify the other party of that opinion. The parties will then negotiate any such change in the compensation or schedule, and, if an agreement is reached, reduce to writing an amendment to this Agreement to be signed by the parties.
- **Termination.** The Town has the right to terminate this Agreement at its pleasure and make settlement with the NHCOG upon an equitable basis as determined in accordance with provisions of Part 1-8 Termination of Contracts, Federal Procurement Regulation (41 CFR 1-8) Subpart 1-8.701: Termination for Convenience of the Government and Subpart 1-8.707.

The NHCOG specifically agrees that this Agreement may be canceled or terminated by the Town if any work under this Agreement is in conflict with the provisions of Chapter 10 of the Connecticut General Statues ("Code of Ethics"), as amended.

In the event this Agreement is terminated under the provisions of this Section, the Town shall provide notice of such termination in writing via either national courier service (such as FedEx) or

1

via certified mail, return receipt requested. Such termination shall be effective as of the latter of the date specified in such notice or the date such notice is received by the NHCOG.

NHCOG shall have the right to terminate this Agreement for the following causes, after providing the Town with seven days written notice of the termination:

- A. Substantial failure of the Town to perform in accordance with the terms of this agreement, through no fault of NHCOG; or
- B. Failure of the parties to reach agreement regarding compensation and schedule adjustments made necessary by material changes in the conditions prevailing at the time this Agreement was executed, the scope of services, or the nature of the project.

In the event that NHCOG terminates the Agreement for cause, the Town shall compensate NHCOG for reasonable time and materials charges incurred by NHCOG in connection with the orderly termination of this Agreement.

- 7. No assignment; Additional subcontracting requires consent. The NHCOG agrees not to assign, transfer, sell or convey this Agreement or any part thereof, or its right, title, or interest therein, to any person, firm or corporation without the previous consent in writing of the Town. The NHCOG may subcontract for the planning facilitation and/or mapping portions of this project if its staffing resources are not sufficient to adequately provide the scope of services. NHCOG will not subcontract any additional services it is obligated to perform under this Agreement without the prior written consent of the Town. All services performed by subcontractors to the NHCOG will become part of the services required from the NHCOG by this Agreement.
- **8. Compliance with laws.** The NHCOG agrees that it will, and it will cause all persons employed or contracted by it under this Agreement, including subcontractors, agents, officers and employees, to comply with all applicable laws in the jurisdiction in which the work is performed.
- **9. Entire Agreement.** This Agreement represents the entire and integrated agreement between NHCOG and the Town and supersedes and replaces all terms and conditions of any prior agreements, arrangements, negotiations, or representations, written or oral, with respect to the subject matter of this Agreement.
- **10. Choice of law; Venue.** This Agreement shall be construed under the laws of the State of Connecticut. All claims, actions, proceedings and lawsuits brought in connection with, arising out of, related to, or seeking enforcement of this Agreement shall be brought in a court within the State of Connecticut.
- **11. Amendment.** This Agreement may be amended by mutual agreement of the parties at any time provided that such amendment is executed with the same formality as this Agreement.

Subject: Kent Senior Center Proposal

I thought that it would be helpful to provide the selectmen with the means of reviewing the previous meetings at which the Senior Center Proposal was discussed. Also, directly address some concerns brought up by selectmen during the August 17, 2021 meeting. I have also provided the time stamps for the zoom recordings in which the topic of the Senior Center was presented and discussed.

Regular Selectmen's Meeting, June 8, 2021, time stamp 1:41:20.

Regular Selectmen's Meeting, July 13, 2021, time stamp 55:12.

Regular Selectmen's Meeting, August 17, 2021, time stamp 1:12:04.

- Thought the role of coordinator would be a duty of the Assistant: This information was presented to the Selectmen at the June 8th meeting, attached for further reference, specifically bulleted items 1 and 2.
- Thought that the Park and Recreation Department no longer had any duties at the Senior Center: minutes of the July 2, 2019 meeting attached for reference.
- Comment that perhaps the Social Services Director did not make it clear about the 30 hours:
 This information was stated at the Regular Selectmen's Meeting, June 8, 2021, time stamp 1:57.
 Only compensation was requested not additional hours. Three hours/week was utilized for calculation purposes only.

I encourage the Selectmen to take the time to review the information as presented.

To: The Board of Selectman

From: Social Services Director

Subject: Coordination and Opening of the Senior Center

During the Selectmen's Meeting, February 25, 2020, it was determined that the First Selectperson meet with the park and recreation director and I to discuss the allocation of duties at the Senior Center. Unfortunately, that meeting never occurred. During that meeting I provided, at Selectman Garrity's request, information outlining the programs/activities typically occurring at a Senior Center, Resources for potential programs under the role of the Municipal Agent for the elderly, and an example of a proposed monthly senior center schedule. Minutes and applicable documents attached.

7. C.

Now that it has been determined that the state and town are "reopening" and prior to the official opening of the senior center, I would like to propose the following:

- Designation of the role of the Senior Center Director under the auspices of Social Services
 Director and Municipal Agent for the Elderly.
- These additional duties would include, but not be limited to: establishing a fixed hour Senior Center inclusive of all operating policies and procedures: staffing and volunteer coordination; identification and coordination programming beginning with two programs per month and increasing frequency once established; discontinuing the current nutrition program by creating a Wednesday lunch program with plans to add Mondays as soon as possible; coordinating recreational programming in conjunction with the Park and Recreation Director and within the established senior center operating policies and procedures.
- The Social Services Assistant will implement programming and be available at the Senior Center Mondays and Wednesdays for approximately four hours each day.

I anticipate that adding these additional duties to the Social Services Department would require approximately 3 hours/week or 156 hours/year.
