

## **\*SITUATIONAL AWARENESS ADVISORY\*** **COVID19 At-Home Test Kits - shipment** **delayed**

**Wednesday December 29th, 2021**

Good afternoon,

**As I wrote just a few hours ago, we're in an evolving situation.**

We are currently on a statewide conference call with partners from the Department of Emergency Management and Homeland Security (DEMHS), the Department of Public Health, and the National Guard, ***notifying us that the shipment of At-Home test kits are delayed in California.***

We will be receiving updates overnight from DEMHS and we will continue to update the community as to the status for the distribution planned for tomorrow.

Please know, we have worked around-the-clock over the past two days to stand up this distribution and are prepared to distribute the kits at the planned time as long as we receive the product.

Thank you for your patience as this continues to evolve.

Stay well,

A handwritten signature in red ink, appearing to read "Jean".

Governor's Press Release regarding shipment delay
