

# SURVEY RESULTS

# 2

## Overview

As part of the process of updating the 2013 Plan of Conservation and Development (POCD), the Planning and Zoning Commission undertook an on-line survey in order to better understand the issues of concern to Kent residents and property owners.

The survey was deployed using SurveyMonkey, an on-line survey tool. Publicity about the survey involved:

- Posting on the Town website,
- Emails to members of local boards and residents on Town email lists,
- Social media postings (such as Facebook, Twitter, etc.),
- Printed surveys located at the library and Town Hall and senior center,
- Posters placed around the Town Center, and
- Press releases to local media outlets.

The survey was kept open for 5 weeks from the end of August to the beginning of October. During that time period, 432 responses were received.

This booklet summarizes the survey results.
