Food Bank Pick-up Procedure

Due to inclement weather concerns, Kent Food Bank now follows the following procedure for pickup.

- This is a no contact drive thru pickup procedure.
- Please do not arrive before 10 a.m.
- Please stay in line.
- When it is your turn, drive your car to the pick-up area.
- You may ONLY exit your vehicle when the volunteer indicates that you may do so. **Masks are required once you exit your car.**
- Take the bag from the table and return to your car.
- Please complete this process as promptly as possible as other food bank members may be waiting for their turn.
- ***Please do not ask the volunteers for specific items other than those provided. Kent Food Bank cannot fulfill personal requests at this time.***
