4. APPLICATIONS

- 4.A. Application #1132-16F, Adam Osborne for Nancy Wilsea, 211 Kent Hollow Road, forestry operation, Map 16 Block 27 Lot 1.

Mr. Osborne and those present walked the proposed site for the forestry operation. Along the way, he pointed out the location of the skid trail and the trees that were to be removed. He explained that the amount of rocks that are on the site will impact the way the trees are removed. Mr. Osborne is anticipating removing 60,000 board feet.

Along the walk, the Commission noted that there are no wetland crossings at all and that the wetland area to the southeast of Kent Hollow Road has been flagged indicating an area that should not be entered. The landing area will be located in a flat area of the hayfield along Kent Hollow Road. There will be some trees removed from the ridgeline area.

Ms. Hayes advised Mr. Osborne that he would have to notify the State of Connecticut since the State campground backs up to the forestry operation.
