4. APPLICATIONS

- 4.A. Application #1130-16, Jeremiah O'Brien, 52 Dugan Road, deposition of woodchip material within regulated area, Map 14 Block 21 Lot 2.

Mr. O'Brien explained that the piles consisted of wood chips from the dead trees that he cut down on the premises. He said that he did measure their location as approximately 119' from Kent Falls Brook. Upon inspection by the Commission it was determined that they were stable and posed no threat of running into the brook. If they were to become unstable, the Commission felt that the topography would prevent them from running into the brook. Mr. O'Brien advised the Commission that their location was temporary as he planned on spreading them on his own property or using them on his clients' properties.

Ms. Smith explained that anytime a complaint is received they are obliged to investigate and thanked Mr. O'Brien for being so understanding.
