3.A. DISCUSSION AND POSSIBLE DECISION

- 3.A.1.** Club Getaway and Aquarion Water Company pre-application site walk regarding the installation of piping necessary for the hookup of Club Getaway to the Town of Kent Sewer system. 0 Segar Mountain Road, Map 5 Block 40 Lot 1.

Those present walked to the edge of the area where the sewer line will begin running through the wetlands. At this point in time, there is no set plan for how the installation will be handled, the exact location, the length of the piping, how much land will need to be cleared and the size of a repair easement. The Commission advised Mr. Schreiber that this is the information that will be needed if and when an actual application is submitted. He was also advised to provide information on any alternative plan since the Commission must look at feasible and prudent alternatives when making their decision.

4. ADJOURNMENT

The site walk ended at 10:15 a.m.

Respectfully submitted,

Donna M. Hayes
