“An equal opportunity employer and service provider”

Superintendents report for May 2021

Good afternoon everyone.

2.4 million gallons total
80k gallons per day average
1.3m gallons came from Kent school
Average BOD removal rate 99%
Average TSS removal rate 99%
Average influent PH 7.6

There is still no word from the state if there will be a summer test or not.

The new HVAC system is installed and after a return service call is currently working.

The fields have been harrowed.

We continue the cleanout of the effluent beds. Two have been cleaned so far. We have two in use currently and one is drying and one remains ready.

The portable generator will not run and is going in for service.

Respectfully,

Lyle Sommers
Superintendent
Kent WPCA
