Meeting ID: 880 3475 2610

Passcode: 795315

Dial-in: 1-646-558-8656 (NY)

- 1) Call to Order**
 - a) Establish quorum
 - b) Pledge
 - c) Approval of Agenda

- 2) Approval of Minutes**
 - a) 3/17/2021

- 3) Correspondence**
 - a) Library Information – See attached

- 4) Reports**
 - a) Board of Education FY2022 Budget

- 5) Business**
 - a) FY2022 Budget
 - b) FY2022 Budget Calendar Update
 - c) Board Clerk Job Description
 - d) Board Protocol

- 6) Comments from Public and Invited Guests**

- 7) Adjourn**

Chairperson, Nancy O'Dea-Wyrick

(Date emailed to Town Clerk)

Board of Finance

Minutes Monthly Meeting March 17, 2021

Present: Jim Blackketter, Rufus de Rham, Ed Epstein, Tegan Gawel, Fran Goodsell, Nancy O'Dea-Wyrick.

Public and Invited Guests: David Becker, Darlene Brady, Melissa Cherniske, Debbie Devaux, Bonnie Donzella, Sandy Edelman, Alan Gawel, Leila Hawken, Donna Hayes, Barbara Herbst, Joyce Kearns, Sarah Marshall, Ed Matson, Lynn Mellis Worthington, Patricia Oris, John Russell, Marge Smith, Jean Speck and others.

Chairman Nancy O'Dea-Wyrick called the meeting to order at 6:01 p.m. via Zoom. The Pledge of Allegiance was recited.

Approval of Agenda: Mr. Blackketter made a motion to approved the agenda as presented. Mr. Epstein seconded the motion, and the motion was approved unanimously.

Approval of Minutes of 2/17/2021: Mr. Epstein made a motion to approve the minutes of the Feb. 17, 2021 meeting as submitted. Mr. Blackketter seconded the motion, and the motion was approved unanimously.

Correspondence: Ms. O'Dea-Wyrick read correspondence from board clerk Lesly Ferris (attached). Mr. de Rham made a motion to accept the resignation of Lesly Ferris with regret. Mr. Epstein seconded the motion with sorrow. The motion passed unanimously.

Reports: Tax Collector: Ms. Devaux said she does not have a formal report this evening, adding that nothing reportable has changed..

Board of Education: Board chairman Marty Lindenmayer had let the chairman know he is unable to attend tonight's meeting.

Board of Selectmen: First Selectman Jean Speck reported:

- ◆ COVID-19 numbers over the recent two week rolling period on average look better. There was one pop in the last report from a small cluster at one of the private schools.
- ◆ Town Hall remains closed to the public.
- ◆ There is an interview tomorrow for the transfer station position, and they will be doing ◆ interviews for the Assessor position.
- ◆ The Streetscape committee has been meeting weekly. The TAP Grant for the Streetscape Project has rules to follow for this funding stream.
- ◆ There is no update on the cell tower.

Treasurer: Barbara Herbst provided a monthly report (attached). She reported there would be FEMA money coming to the Town for the town crew's straight hours during COVID. She has

asked the department heads today for their projections of unexpended balances in their budgets. The Town has taken fiscal responsibility for the Northwest Corner Prevention Network to fulfill their mission and to receive funding dollars. Mrs. Herbst expects there probably will be more

expenditures in the litigation line and recommended it would be easier to do one budget transfer at the end of the fiscal year, and this would require a Town meeting. Mrs. Herbst said she added green arrows to the budget document which provides more information about specific lines. She asked for the board's feedback. Mr. de Rham said he likes the digital notes and likes to see the budgetary history. Ms. Speck noted there are some new features in Adobe Acrobat that could be useful. Mrs. Herbst estimates there may be about \$100,000 in unexpended funds between the Selectmen and Board of Education's current budgets. Kent would be receiving \$35,688 from Region One from a prior year. The treasurer also noted the extra money budgeted for fiber optics in the next fiscal year may be covered by grant monies.

BOS Budget: Ms. Speck presented then proposed 2021-22 budget (attached). Ms. Speck thanked Mrs. Herbst for all her work on the budget draft. She asked the finance board members to keep the pandemic in mind while going through the budget.

John Russell, president of Kent Volunteer Fire Department, updated the board on the \$55,000 appropriation to supplement the volunteer ambulance corps with paid staff. Mr. Russell said the process has gone very well. He did report that one volunteer ambulance responder has taken a job out of state which means the ambulance corps will lose a number of shifts. He said he would keep the board apprised of the situation. Ambulance chief Bonnie Donzella commented that the additional \$55,000 should be more than enough to get through the rest of this fiscal year.

Ms. Speck highlighted these points in the budget:

- 2% salary increase for all positions; the land use commissions requested 5% for their departments' head.
- cell phone reimbursement (\$50/month) for employees was put back in the respective department lines; two new requests for cell phone reimbursement also are included.
- There is a 2% decrease in the Anthem health insurance plan.
- The selectmen proposal includes funding the library and fire departments' grants at \$100,000 each. The library requested \$125,000; the fire department \$106,500. Mr. Epstein commented the Town is anticipating some big surpluses this fiscal year and does not see why these lines had to be cut or why they are the same amount. Mr. Epstein recommended the finance board put these numbers back to the requested amounts. Mr. de Rham and Ms. Goodsell voiced similar support. Library director Sarah Marshall presented an outline of the library's activities and funding. She noted the library is ranked #1 in the state for program attendance and 160th out of 164 in funding for state public libraries. Sandra Edelman spoke in support of the library's request..
- Ms. Speck requested the Civil Preparedness budget line be renamed to Emergency Management and funded at \$31,450, which would cover staff stipends, supplies, equipment and software. Ms. Speck said the current budget is woefully inadequate for what the Town needs to build this department. Mr. Garrity commented he could not support this funding request this year, saying the budget request was submitted past the deadline for budget

requests and that the selectmen need to have a better understanding of the components of this budget request.

- A request from Park and Recreation for \$7,000 for a park maintainer position was moved to **Board of Finance Meeting Minutes March 17, 2021**
Page 3

the park maintenance line to contract this work for the new budget year.

Ms. O’Dea-Wyrick said the board would be reviewing the proposed education budgets next week which would give the board the total picture of the budget draft.

FY2022 Budget Calendar: Ms. O’Dea-Wyrick said there is a special budget meeting March 24, and that the board may be able to cancel the early April budget workshop. Ms. O’Dea- Wyrick and Ms. Speck will work on the board clerk job description and put this on next week’s meeting agenda.

FY2022 Capital Plan: The board made no changes to the plan.

Comments from Public and Invited Guests: Mr. Epstein commented the Board of Finance asked the selectmen to hold the budget line and that’s what they did. Mr. Epstein added he would not be upset by restoring the requests back in the budget proposal. Ms. Donzella spoke in support of the request for the Emergency Management budget increase and outlined the various programs that the CERT has assisted with during the pandemic and tropical storm.

Mr. Blacketter made a motion to adjourn the meeting at 8:18: p.m.

Lesly Ferris
Board Clerk

Minutes are not considered final until approved. Please check ensuing meeting minutes for corrections/changes.

Kent Board of Education 2021-2022 Budget

Board Approved

SUPPLIES (cont.)

- 6 1) Schoolwide computer software needs.
- 6 2) Resource materials and subscriptions for staff.
- 6 3) Library books, subscriptions, and current event magazines.
- 6 4) Follet, Destiny software, and Title Peek.

PROPERTY

- 6 5) Computers, printers, etc.
- 6 6) Equipment used in instructional practices.
- 6 7) Building, grounds and service equipment.
- 6 8) Miscellaneous library equipment.

DUES & FEES

- 6 9) AESOP, Alert Now, CAFE, audit fees, workshops, and board expenses.

TRANSFERS

- 7 0) Cafeteria expenses not covered by revenues.
- 7 1 a) Transfer to End-User Computing Fund; includes laptop program for seventh and eighth graders.
- 7 1 b) Transfer to Capital for Window Project and Front Entry in 2018-2019..

OTHER

- 7 2) On advice of Board of Finance & Town Auditors, this line exists for unexpected expenses.

REGIONAL EXPENDITURES

- 7 3) Expenditures for special education services.
- 7 4) Expenditures for the education of our high school students.
- 7 5) Expenditures for the services of the Superintendent, her staff, curriculum development, certification, school business and personnel.

Introduction to the Statistical Profile, FY2020

Most Connecticut public libraries closed their buildings to the public for several weeks or months starting in mid-March 2020 because of the COVID-19 pandemic. All the statistics in this report must be evaluated with the pandemic and related service changes in mind.

How to Use This Statistical Profile

Data found here in the Statistical Profile comes from the Annual Reports submitted by 178 Connecticut public libraries during the fall of 2020. The Profile combines these statistics to arrive at the statewide library statistics reported here. The Profile also provides valuable data for individual libraries and towns. Besides providing data to assist libraries in evaluating their own year-to-year statistical trends, the Profile provides a means of comparing library services between similar libraries. Libraries should understand, however, that some statistics vary in their consistency and accuracy. The State Library recommends the following when using the Profile for comparisons:

--Use the filter tool with population and AENGLC rating. Both Excel worksheets provide a sorting and filtering tool for each column. When you use the drop-down arrows for population served and the AENGLC rating (a wealth measure), you can filter out all those libraries that are not similar to yours.

--Use the filter tool on follow-up questions. Examples:

- Filter out all the libraries who are not reporting library benefit costs paid directly by the town when comparing your library's operating expenditures to others.
- Filter out all the libraries with a different library card expiration date than your library when comparing registered borrowers.
- If your library uses a people counter to count library visitors, filter out all the libraries that do not use a people counter when comparing library visits.

Most reliable statistics for comparisons: Circulation statistics, Program Attendance, Hours Open, Salary Expenditures, Material Expenditures, "Other" Income (gifts, donations, investment income, etc.), Full-Time-Equivalent Employees, number of Internet Computers, ILL Statistics.

Less reliable statistics for comparisons: Patron registration, Library visits, Reference Questions, Internet Sessions, Operating Income/Operating Expenditures, Municipal appropriation, Program Expenditures. If you use some of the qualifying data that accompanies these measures (usually in the next column in the worksheet), you can sometimes make these comparisons more meaningful.

State and Federal Requirements

Each of the 165 principal public libraries in Connecticut is required by Section 11-24b of the General Statutes of Connecticut to file a Connecticut Public Library Annual Report to be eligible to receive state funds. There are an additional 26 libraries in the state that serve as a public library. While not required to do so, many of these non-principal public libraries also file an annual report form with the State Library. The reports received provide the basis for the State Library's annual public library statistical report to the Institute of Museum and Library Services (IMLS).

Statistics by Municipality, Not Just Library

In addition to data organized by library, the Profile includes a separate Excel Worksheet that organizes data by municipality. Instead of listing 178 libraries, this version lists just the 165 towns/cities in CT and combines statistics for municipalities with multiple independent libraries. This allows for comparisons by municipality rather than individual library.

[Return to Title Page](#)

Important Reminders

- Principal public libraries are listed in bold type.
- The number of libraries reporting in each data column is noted at the head of the column.
- When a space has been left blank, it indicates that the library did not report in that category.
- Included in the population for the Slater Library in Griswold is Lisbon; the Salem Public Library includes Bozrah; and the Beardsley Library in Winchester includes Colebrook and Barkhamsted. Each library has contracted to provide library services to these towns.

This report is available only in an electronic form, and is available in Excel and PDF formats. Both versions are available on the web site for the Division of Library Development, Connecticut State Library. Corrections and comments should be sent to: State Library Data Coordinator, Connecticut State Library, 231 Capitol Avenue, Hartford, Connecticut 061061537.

Filtering and Sorting Tool

[See Office Help Page on Filtering](#)

The State Library would like to thank the library directors, staff, and trustees who collect and report their data each year.

Glossary for Statistical Profile, FY2020

AENGLC Rank - Adjusted Equalized Net Grand List Per Capita, a measure of town wealth calculated annually by the State Department of Education, Grants Management Division. The lower the number, the wealthier the town.

Association Library - A library that is not a unit of town government. Incorporated separately. To be a public library, it must receive some funding from the municipality.

borrowIT CT Circulation - The number of items a public library has loaned directly to residents of other Connecticut towns.

Circulation - The count of all library materials, regardless of format, that are charged out for use outside the library, including renewals.

Contract Services - Services provided by a library to organizations for which the library receives remuneration.

FTE - The number of full time equivalent staff positions the library has, calculated on the basis of 40 hours per week.

[Return to Title Page](#)

Interlibrary Loan - An ILL occurs when an item of library material, or a copy of the material, is made available by one library to another upon request.

Library Visits - The total number of persons entering the library and its branches for whatever purpose. This number includes persons attending activities, meetings, and those persons requiring no staff services.

MLS - Master's degree from a graduate library education program. Includes M.L.I.S., etc.

Municipal Library - A public library that is established by and an administrative unit of a city or town.

Municipal Library Appropriation - The amount of appropriation received by the library from the municipality for operating expenditures.

Municipal Revenues - Source: State of Connecticut Municipal Fiscal Indicators, Office of Policy and Management. Previous year.

Non-Principal Public Library - A municipality that has more than one independent public library must designate one as its principal public library. All other public libraries in the municipality are non-principal public libraries as long as they are independently organized.

Off Budget Expenditures - Any library service or operation paid for directly by the Friends of the Library, or other group with funds not made a part of the library's operating budget.

Operating Income and Expenditures - Operating expenditures are the current and recurrent costs necessary to support the provision of library services. Operating income is the funding obligated for these expenditures. Operating expenditures should include all documented expenditures that are paid directly by the municipality, as well as those expenditures represented in the library budget.

Population Served - The total number of persons residing in the municipality in which the library is located and any other municipality for which the library contracts to provide service. Nonprincipal libraries may have a sub-set service population. Population estimate are from the CT Department of Public Health. Children's estimate from Kids Count Data Center.

Principal Public Library - A public library that has been so designated by a local municipal governing board. A municipality may have more than one independent public library, but it may designate only one library as its principal public library.

Public Library - Any library that serves its residents through its outlet or outlets without charging a borrower's card fee and which receives its financial support in whole or in part from local municipal funds. A public library has a facility, a collection, regular hours open to the public, and staff.

Reference Transaction - An information contact that involves the knowledge, use, recommendations, interpretation, or instruction in the use of one or more information sources by a member of the library staff. It includes information and referral services. It does not include directional assistance.

Registered Resident Borrowers - A registered resident borrower is a resident of the municipality who has been issued a library card and/or ID number by the library. This should not include cards

[Return to Title Page](#)

All Connecticut public libraries closed their buildings to the public for several weeks or months starting in mid-March 2020 because of the COVID-19 pandemic. All the totals on this page and all the statistics in this report must be evaluated with the pandemic and related service changes in mind.
